MINISTRY OF COMMERCE

PUBLIC NOTICE

New Delhi, the 3rd December 1949

SUBJECT:—*Revalidation of capital goods and heavy electric plant licences—
procedure to be adopted.*

No. 17(34)-ITO/49.—Under the Capital Goods and H.E.P. licensing procedure licences are issued valid initially for a period of six months and such a licence is revalidated if an application is made within this period producing evidence of a firm contract having been made with the over-seas suppliers. In some cases it has been noticed that licence holders have taken steps to enter into firm contracts but have not applied for revalidation within the time limit of six months. Such cases have in the past been considered on their merits and revalidation permitted in several cases.

2. In view of the difficult foreign exchange position and the need for close regulation of the foreign exchange commitments of the country, it has been decided that this procedure must be tightened up and the rules strictly enforced.

3. It is accordingly notified that after 31st December 1949 no application whatsoever for revalidation will be considered unless an application has been made giving satisfactory evidence regarding the conclusion of a firm contract within the period of six months from the date of issue of the licence. It will be appreciated that under this decision all Capital Goods licences issued on the 30th June 1949 which have not been revalidated so far will be treated as having lapsed unless an application for revalidation with the necessary evidence has been made before the 1st January 1950.

S. JAGANNATHAN, Joint Secy.
